MEMORANDUM FOR: Director of Central Intelligence  
Deputy Director of Central Intelligence

FROM : Robert M. Gates

SUBJECT : Meeting with the Secretary of Defense, 18 May

1. Based on guidance from you, the DDCI, Secretary Weinberger, and Frank Carlucci, the following agenda has been agreed for your meeting at Defense on Monday.

- The Secretary has received your letter on Paul Nitze's project with respect to Soviet perceptions of the ability of their strategic forces to perform their mission. The Secretary and Carlucci would be interested in hearing more about the project and what role you intend it to play. A copy of the project proposal prepared by Paul Nitze is at Tab A. *(Weinberger received a copy.)*
- The Secretary and Carlucci would be interested in your reviewing the status of the Executive Order revision, including the implications of Dick Allen's memorandum and the memorandum from the Attorney General urging that his role be included specifically in NSDD-2.
- They also would be interested in how you intend to use the SIG(I) and IG(I) for approval of special collection projects and covert actions.
- They also will be interested in your views on the DOD HUMINT organization. You received a memorandum from John Stein on his briefing about this (Tab B), after which you indicated you would like to receive the same briefing. This would be a good occasion for you to ask Weinberger to arrange for General Stilwell and General Tighe to come brief you on the program.
- They would like to discuss the general subject of leaks and disclosure.
